

PureCell™

Pure Genistein

*Concentrated genistein product**

*Recommended Use: 2 capsules, 2 times daily,
or as directed by your healthcare practitioner.*

UNSURPASSED QUALITY ASSURANCE

Independently tested for authenticity, potency, heavy metals, solvent residue, herbicide & pesticide residue, aflatoxins, verification of GMO absence, stability and bacteria, yeast and mold counts.

Pure Genistein contains 125mg of Genistein and generally contains 88-100mg of daidzein, the major isoflavone aglycones. Genistein has been shown to help maintain normal cell function and growth.* Genistein and daidzein also promote and support immune system and bone marrow health.* The isoflavone glucosides (isoflavone linked to glucose) genistin, daidzin and glycitin are not present in this product. Most soy products on the market contain isoflavone glucosides and few isoflavone aglycones (isoflavone without the glucose attached).* Isoflavone aglycones are the desired form and are more rapidly and better absorbed than isoflavone glucosides.*

Supplement Facts

serving size: 1 capsule
servings per container: 60

	amount per serving
Genistein	125mg*
(From Genistein rich Soy Isoflavone Extract 80%)
